

January 2017

Dear School,

It is with great pleasure that we send you this Team Registration Pack, offering your school the opportunity to enter a team and be part of the Danone Nations Cup for 2017.

The Danone Nations Cup is much more than just a "Kids World Cup". It is a unique experience based on sports' values that Danone created in 2000 and developed over the years. Millions of kids have been the heroes of a story they will never forget and their families too.

Danone live their values – Humanity, Openness, Proximity and Enthusiasm, through the Danone Nations Cup. The DNC gives opportunity for:

- **Accessibility and Grassroots** by bringing the dream of playing in a prestigious international tournament to as many kids as possible.
- **Openness** by offering diversity and change for constant opportunity, where through this Cup all teams have the opportunity to collectively win its place and play in a World Final.
- **Pleasure of the game** giving kids the opportunity to participate - play, communicate and be together.
- **Fair-play** teaching the kids to respect the spirit of the game as well as the law and practising good sportsmanship.

In this registration pack you will find all you need to register your school's team.
